Issues

1. Did the medical fee dispute referenced above contain information/documentation that indicates that there are **unresolved** issues of medical necessity?
2. What is the dispute process for resolving medical necessity denials?
3. What is the dispute sequence?
4. What are the filing requirements after the resolution of a medical necessity denial?
5. Are the disputed services eligible for review by Medical Fee Dispute Resolution?

Findings

1. The medical fee dispute referenced above contains information/documentation that indicates that there are unresolved issues of medical necessity for the same service(s) for which there is a medical fee dispute. Review of the EOBs presented by the both the requestor and respondent indicate denial reason code "216 – Based on the findings of a review organization" and "193 – Original payment decision is being maintained. This claim was processed properly the first time."
2. Resolution of a Medical Necessity Dispute. The Division hereby notifies the requestor the appropriate process for resolution of an unresolved issue of medical necessity requires filing for an independent review to be conducted by an IRO (independent review organization) appropriately licensed by the Texas Department of Insurance, pursuant to 28 Texas Administrative Code §133.308. Information applicable to HEALTH CARE PROVIDERS on how to file for an IRO may be found at http://www.tdi.texas.gov/hmo/iro_requests.html under *Health Care Providers or their authorized representatives*.
3. Notice of Dispute Sequence. 28 Texas Administrative Code §133.305(b) requires that "If a dispute regarding...medical necessity exists for the same service for which there is a medical fee dispute, the disputes regarding...medical necessity shall be resolved prior to the submission of a medical fee dispute for the same services in accordance with Labor Code §413.031 and 408.021.
4. The medical fee dispute may be submitted for review as a new dispute that is subject to the requirements of 28 Texas Administrative Code §133.307. 28 Texas Administrative Code §133.307 (c)(1)(B) provides that a request for medical fee dispute resolution may be filed not later than 60 days after a requestor has received the final decision, inclusive of all appeals.
5. The division finds that due to the unresolved medical necessity issues, the medical fee dispute request is not eligible for review until a final decision has been issued in accordance with 28 Texas Administrative Code §133.308.

Conclusion

For the reasons stated above, the requestor has failed to establish that the respondent's denial of payment reasons concerning medical necessity have been resolved through the required dispute resolution process as set forth in 28 Texas Administrative Code §133.308 prior to the submission of a medical fee dispute request for the same services. Therefore, medical fee dispute resolution staff has no authority to consider and/or order any payment in this medical fee dispute. As a result, no amount is ordered.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
